

# print shop

## think big

We're dedicated to helping focus students' attention away from their phones and into the classroom with our in-house custom print shop. Cover your hallways in exciting motivational posters, solidify your anti-bullying campaign with a banner, reward your students with award certificates, and recognize your star teachers with a little something special. Our customers have access to our library of endless fresh designs to help drive your message home, whatever it may be.

# custom signage

## safety first

When the pandemic hit, we diversified right away into the Covid Signage business. We have partnered with many of our school districts to provide them with custom CDC compliant safety materials.

## CUSTOM FLOOR GRAPHICS

## PEEL N STICK WALL GRAPHICS
